LCMS is pleased to announce the unveiling of a semester long initiative implemented by our very own teachers and students!!!

“HOW DOES HUMAN BEHAVIOR IMPACT SOCIETY?”

Character Education is very important to our students here at LCMS. Students involved in our GLIDES program this semester have interviewed, researched, and created multimedia presentations about the various aspects of self-control, respect, citizenship, responsibility, and cooperation. Please join us on:

January 11, 2008 from 9:30 a.m. – 11:30 a.m.
Lyons Creek Middle School Multipurpose Room

Together we will share the hard work put in by five special teachers and 125 students within this program. These 7th and 8th grade students will demonstrate their understanding of human behavior regarding character traits and its impact on society through technology. Following the initial presentation, the audience is invited to join us in the media center where the students’ multimedia projects will be on display. Please plan to share in on this exciting new way that we are engaging our students into the curriculum!!!
The mission of LCMS is to maintain a safe, secure, learning environment where tolerance, respect, and accountability provide learning experiences that empower our diverse LCMS community.

This month homeroom classes will commit to one foster care child’s holiday wish list. Classes will collaboratively fill their assigned wish in effort to make every child’s holiday a memorable one! We are off to a great start as 100 wishes out of 125 have already been adopted! Please help us make the dream of these 125 needy children’s holidays come true!!!
